Profile

Passionate about technology and dedicated to transforming code into innovative solutions, I am seeking an opportunity as a Junior Developer. With a proactive mindset and a thirst for knowledge, I am ready to contribute effectively to challenging projects.

Experiences

Inspiradores de Angola

October 2022 - April 2023

- I created the style guides
- I crafted all the outlines for the same portal
- I developed the website for the Academy of Inspirers of Angola, utilizing WordPress, jQuery, and Bootstrap technologies

Agricargas

August 2023 - December 2023

- I created the style guides, wireframes, as well as high-fidelity prototypes
- I developed the website for this startup using WordPress, jQuery, Bootstrap, and Ajax technologies

English Teachers

2022 - 2023

- I created the wireframes
- I designed the high-fidelity prototypes
- I developed the website for this English language learning platform
